

WAGO PFC & WAGO-I/O-PRO CAA

What you will learn:

Attendees will receive an introduction to the WAGO-I/O-SYSTEM hardware followed by an intensive hands-on programming session wherein they will work with live nodes of WAGO-I/O-SYSTEM 750 I/O. Time will be made available to discuss a variety of application examples, including any applications presented by the attendees.

1-Day Session*: \$1,500

(8:30-4:00)

WAGO-I/O-SYSTEM Overview

PFC Overview

- LEDS/Error Codes
- Comm. Ports
- Operating Mode Switch
- K-Bus/ Power Bus

Programming/Commissioning Tools

- WAGO-I/O-PRO CAA
- I/O-CHECK 2
- Ethernet Settings

Hands-On Programming Exercises

- Address Mapping
- Visualizations
- Ladder Tutorial
- Structured Text Tutorial
- POU Tutorial:
- Programs, Functions, Function Blocks
- Serial Communications

2-Day Session*: \$2,400

(8:30-4:00)

WAGO-I/O-SYSTEM Overview

- [1-Day Session Info](#)

PFC Overview

- [1-Day Session Info](#)

Ethernet Overview

- Fundamentals
- Industrial Protocols
- Service Protocols

Programming/Commissioning Tools

- [1-Day Session Info](#)

Hands-On Programming Exercises

- 1 Day Session Info, plus
- Ethernet Communications
- Network Variables

3-Day Session*: \$3,600

(2 Days 8:30-4:00, 1 Day 8:30-12:00)

WAGO-I/O-SYSTEM Overview
